

ImpactCharlotte Spring Break '12

New Orleans, LA :: March 3-10

This Spring Break we'll be traveling to New Orleans, LA to work in the city to help rebuild the on going devastation from Hurricane Katrina. Even though the storm hit over 6 years ago there is still a huge amount of work to be done within the city.

In New Orleans alone Katrina accounted for...

Nearly 1,500 deaths

The destruction of over 200,000 homes

The loss of 350,000 vehicles

Severe damage to 18,000 business

The displacement of 175,000 school-age children

This storm has had a lasting impact on the city not just physically, but spiritually and emotionally as well. This trip will give us the opportunity to get our hands dirty for 5 days and serve the men, women, and children who still call New Orleans home and helps them continue to put their lives back together.

Cost :: The total cost for the trip will be \$500. This includes all transportation associated with the trip, lodging, food for the week except on travel days, all of the work we'll be doing, and also some entertainment in the evenings.

Sign-ups begin now and will continue through the end of the semester. We only have room for 24 of us to go, so sign up ASAP with your \$100 deposit. Talk to Nathan or Justin for more details.
